8:30 AM Registration & Breakfast

9:00 AM Welcome & Opening Remarks

9:15 AM **Future Look: Product Compliance & the Supply Chain**

**Presenter:** Steven Andrews, Department for Environment, Food and Rural Affairs

Curious about the regulatory changes that are coming over the next year? Hear expert opinion on what you need to know about REACH, RoHS, Proposition 65 and other product compliance regulatory updates occurring in 2018 and 2019.

10:05 AM **Fireside Chat: Building a REACH Program**

**Presenter:** Travis Miller, Assent Compliance, and Jim Mallon, Schrader Electronics

Product compliance is all about alignment and establishing cohesive, uniform processes that support the collection, normalization and assessment of supply chain data against internal productions. Learn lessons from peers who have built sector-specific programs to tackle the challenges of biannual REACH SVHC disclosures.

10:45 AM BREAK

11:00 AM **Presentation: EU Circular Economy**

**Presenter:** Michelle Carvell, Lorax Compliance

Extended Producer Responsibility programs across the EU are gearing up for significant change under the EU Circular Economy Package. This presentation covers the expectations of the EU Circular Economy package and how the requirements will impact businesses both in product design and waste reporting complexity.

11:45 AM **Workshop Gamified: Building a Compliance Program**

**Facilitator:** Alexandra Frederick, Assent Compliance

Divide into small working groups to build a compliance program. The scenario, budget, company size and revenue targets will be provided. It's up to your team to make it work.

12:40 PM LUNCH

1:40 PM **Case Study: Responding to Requests Throughout the Supply Chain**

**Presenter:** Travis Miller, Assent Compliance, and Scott Gordon, Thermo Fisher Scientific

Hear tips from compliance specialists on how to rapidly respond to an evolving regulatory climate by leveraging industry standards and strategic partners, and engaging with their supply chains.

# SUPPLY CHAIN SUMMIT SERIES AGENDA LONDON

- 2:30 PM **Workshop: Analyzing the Gaps**  
**Facilitator:** Alexandra Frederick, Assent Compliance  
Using the program reports built in the morning workshop, each working group will audit the other team's data for gap analysis.
- 3:25 PM **BREAK**
- 3:40 PM **Data Governance: Reducing Proprietary & Sensitive Data Risks**  
**Presenter:** Rohan Massey, Ropes & Gray LLP  
Complying with product compliance regulations involves a significant amount of proprietary and sensitive data that can put companies in scope of data privacy laws. Join our discussion on how to best manage privacy, GDPR and cybersecurity requirements.
- 4:25 PM **Presentation: CE Marking: A Look Forward**  
**Presenter:** Peter Wheeldon, Product Compliance Professional  
Completing a CE Mark and technical files is key to maintaining access to EU markets, but as Brexit looms, the process may seem more complicated than ever. This presentation will focus on the critical steps and available resources that can guide you through the complex series of laws required to meet the mark and sell into the EU.
- 5:00 PM **Closing Remarks**
- 6:00 PM **Limo Bus Pick-Up & Dinner**
