

SUPPLY CHAIN SUMMIT SERIES AGENDA SAN DIEGO

DAY 1: FEBRUARY 12, 2019

- 8:30 AM **Registration & Breakfast**
- 9:00 AM **Welcome & Opening Remarks**
- 9:15 AM **Keynote Presentation: How to Approach a Compliance Program**
Presenter: Brian Martin, Formerly Seagate Technology
Hiring, implementing, reporting and managing internal and external resources — there are so many components to launching a compliance program. But how about optimizing a program? Hear an expert's opinion on what you need to know about taking your program to the next level, no matter where you are on your journey to compliance.
- 10:10 AM **Presentation: Sectoral Guidance on SVHCs**
Presenter: Travis Miller, Assent Compliance
Product compliance is all about alignment and establishing cohesive, uniform processes that support the collection, normalization and assessment of supply chain data against internal productions. Learn lessons from peers who have built sector-specific programs to tackle the challenges of biannual REACH SVHC disclosures.
- 10:45 AM **BREAK**
- 11:00 AM **Workshop**
Facilitators: Joanne O'Donnell, Compliance & Risks, and Travis Miller, Assent Compliance
Divide into small working groups to build a compliance program. The scenario, budget, company size and revenue targets will be provided. It's up to your team to make it work.
- 12:30 PM **LUNCH**
- 1:30 PM **Case Study: Proposition 65**
Presenter: Joe Langton, TE Connectivity
The new labeling requirements for Proposition 65 came into effect on August 30, 2018. Hear from Joe Langton, Global Compliance Manager, about how he manages a successful, adaptable Proposition 65 program — and learn how your company can, too.
- 2:15 PM **Case Study: Responding to Requests Throughout the Supply Chain**
Moderator: Travis Miller, Assent Compliance
Panelist: Shae Trautwein, Palo Alto Networks
Hear the perspective of one company about how to efficiently respond to customer data requests throughout the supply chain.

SUPPLY CHAIN SUMMIT SERIES AGENDA SAN DIEGO

3:00 PM **BREAK**

3:20 PM **Presentation: Implementing a Product Compliance Program**

Presenter: Einar Peters, Terumo Medical

What do you do when you are faced with the challenge of meeting the compliance and customer requirements surrounding the materials in your products? Hear the story of a compliance manager who successfully navigated the process of identifying his company's requirements – and the steps he took to achieve compliance.

4:00 PM **Fireside Chat: Protectionist Policies**

Moderator: Travis Miller, Assent Compliance

Panelist: Glenn Sweatt, Pillsbury

Bringing products to market requires more than materials compliance information. Complying with product compliance regulations involves a significant amount of proprietary and sensitive data. Gain insight from experts discussing the implications of tariffs, duties, DFARS and FAR flow-downs, and U.S. controlled data and ITAR requirements.

4:40 PM **Closing Remarks**

5:00 PM **Hotel Happy Hour**

6:00 PM **Limo Bus Pick-Up**

6:30 PM **Board Boat Cruise**

10:15 PM **Arrive Back at Hotel**
